

Fast 250 Pump Pro Plus

Anti-intrusion fogging security systems

UNIQUE IN THE WORLD FOR LARGE VOLUMES

It is the ideal fogging system to protect small /medium areas like shops, homes, garages.

When the machine is triggered it shoots for the seconds set, when the bag is empty you just replace it with a new one in a very easy way.

The fluid bag covers 250 m³ in 30 seconds.

It is prearranged to an easy wall installation and it has a lower compartment to equip boards or accessories if needed.

UR Fog fogging systems are innovative in their technology and performances, in order to guarantee the most effective protection against thefts and they have different patents.

UR Fog fogging systems are certified after European regulation. Fog fluid is assessed as not dangerous for people and animals and does not leave residuals.

A unique serial bus to plug on the electronic board an add on card that allows to easily interface the machine with alarms and to control the fogging system even from remote.

A standard protocol is available for all machines.
